"Hello, I am Heinz Doofenshmirtz and I work for Doofenshmirtz Evil Incorporated. I am currently the ruler of Danville and it is my plan to take over the entire tri-state area!"

"I already control my own territory and I make all of the decisions myself. People should not control their lives. I will control their lives with my dictatoranator!"

"It has come to my attention that some of you think that you can change the world and the way that it is. Why all of this sudden change I wonder? The world is perfect the way it is with kings ruling as tyrants and people having no say so over their lives."

"Maybe it is all of this science stuff that has been happening, what do they call it? A revolution? And by revolution I of course mean change. I do not like change."

A vibrant, stylized illustration of a town and city. The foreground shows a lush green landscape with rolling hills, a winding blue river, and several houses with blue roofs. In the background, a city skyline is visible under a bright blue sky with a large, glowing yellow sun and several white clouds. The overall style is bright and cheerful.

MEANWHILE...

"I'm tired of having nothing to do. All we do is school work and don't have any chance to have fun in our lives. What else is out there for us?"

PHINEAS

PHINEAS

"Some people just discovered new lands and changed ideas about the universe. Maybe we can change things too, like how governments are run."

FERB

"Well, in order to change the attitudes of rulers in the world we will have to make sure they realize their people are upset. They need a reason to change."

"That's it Ferb! I know what we're going to do today."

PHINEAS

"Okay agent P., it is up to you to stop Dr. Doofenshmirtz. We don't know exactly what he's up to but we know it can't be good."

1

**"Hey Phineas,
Whatcha dooin?"**

3

**"You mean like give them
rights like freedom of
speech and religion and
stuff?"**

2

**"We're going to give
people of the world their
freedom."**

4

**"Exactly! We need to show
these people what they're
missing."**

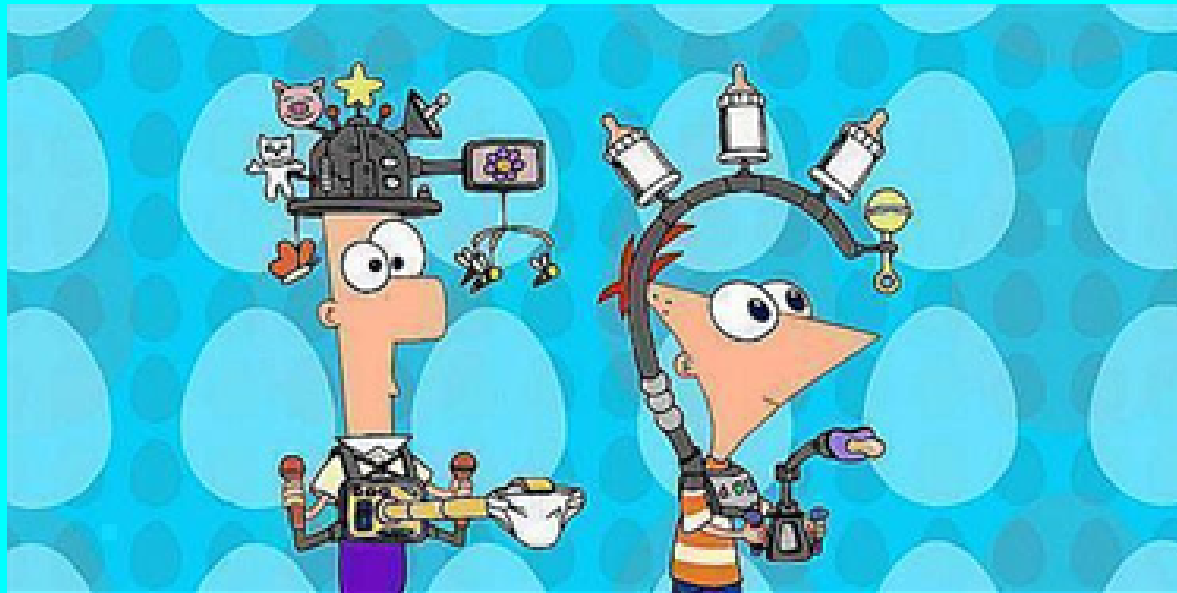

**"Moouooooooumm!
Phineas and Ferb are
trying to save the world
again."**

"We need to build a place where the greatest thinkers in the world can come together and share their ideas."

PHINEAS

"France, right around Paris. We'll call it.....a salon!"

PHINEAS

FERB

"Ok, where should we build it?"

"But won't the king be upset that we are meeting and trying to change his rules? What if we get in trouble? I do not want to be punished."

PHINEAS

"But don't you want to be able to do whatever you want? This is our chance guys."

"Okay then. We know we don't like despots."

1

PHINEAS

"No, despots! Like a king or a queen."

3

2

"I do not have spots!"

"He is referring to a ruler who has total power and control over his people. They are very scary."

4

PHINEAS

"We're gonna need some more help with this. Let's see who we can get to help us."

"How about John Locke?"

PHINEAS

PHINEAS

"He is somebody who always talks about natural rights. Like life, liberty and property."

PHINEAS

"And Rousseau."

"And Voltaire."

PHINEAS

PHINEAS

"Yes, Let's invite all of the great philosophers of France to our super sweet salon of nurturing."

PHINEAS

**"People will love it here.
We'll have classical music
and all kinds of literature
to read."**

ISABELLA

**"Yeah, people can catch up on current
events too."**

PHINEAS

**"We can show those
despots what people
need."**

"Why should I have to go to one of these salons? I do not think it is necessary Perry the Platypus."

"You think it would be good to hear what people like?"

"All right, all right. I will do it. Curse you Perry the Platypus!"

PHINEAS

"And now, announcing the grand opening of the super sweet salon of nurturing."

BUFORD
BALGEET
AND
ISABELLA

"Woohoo, yeah! Let's have some fun!"

"These people are really enjoying themselves. I cannot take that away from them."

"I guess having all that power is really too evil."

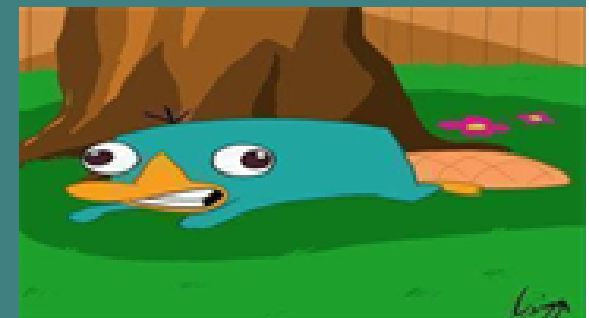

"I don't understand. How did they do it? How did they change the world like this?"

PHINEAS

"We didn't do anything. Everybody wanted a change. We just helped get them together."

"Hey its Perry. Where ya been boy?"
